Who We Are

The Young Marines is a **501(c)3 non-profit** youth education and service program for boys and girls, ages 8 through completion of high school. The Young Marines strengthens the lives of America's youth by teaching the importance of self-confidence, academic achievement, honoring our veterans, good citizenship, community

service, and living a healthy, drug-free lifestyle. The Young Marines promotes the mental, moral, and physical development of its members. The program focuses on character building and leadership and promotes a lifestyle that is conducive to being productive members of society.

The Fairfax County Young Marines unit was started at the Springfield American Legion Post 176 in 2015. Interest in the unit has grown and the unit finds itself in need of dedicated adult volunteers to help run the unit.

Volunteer

Young Marines units are community-based programs lead by dedicated adult volunteers. Many of these volunteers are former, retired, active duty, or reserve Marines who believe passionately that the values they learned as Marines had a positive effect on them. Though many of our volunteers have prior military experience, it is not required to become a volunteer with the Young Marines.

Volunteer

The Young Marines mission of positively impacting America's future by providing quality youth development programs for boys and girls cannot be achieved without our team of dedicated adult volunteers. It is through these caring adults that our Young Marines learn the inner values of Honor, Courage, and Commitment. They volunteer their time and effort to pass these values on to the youth in their respective communities before other destructive influences take root.

If you are interested in becoming a Young Marine adult volunteer with the Fairfax County Young Marines, email the unit at FCYM176@gmail.com for more information.

The Young Marines program is not a program for youths with serious disciplinary problems, substance abuse issues or lengthy histories in juvenile court.
